Belle Haven Action Behind the Scenes

After some important strategic planning sessions we are happy to report our plans for an exciting year ahead.

We will be continuing to work with the California Association of Family Farmers (CAFF), Community Equity Collaborative, UC Extension and the San Mateo County Office of Education on a project to increase participation in public schools.

We are still involved with another breakfast at the bus stop pilot which will to start later in the spring. We are still working with the Menlo Park Historical Society on the storyboard for Karl Clark Park and we plan to throw a neighborhood celebration in the park when it is completed.
